

*Saturday 13<sup>th</sup>, 1 PM, AMPHIBIANS FOR KIDS*

Families can get a close-up look at many of the local amphibians of Westchester County and take a walk around their native habitat. We will discuss amphibian ecology and morphology, and even do a craft project. Waterproof boots recommended.

*Saturday 20<sup>th</sup>, 10 AM: NATURALIST'S CHOICE HIKE*

Seasonal climate and weather will help play a role in deciding where this hike will take us. A museum naturalist will select a trail and topic to find some of the exciting ecological events which are occurring. ❖

Friends of the Trailside Nature Museum and Ward Pound Ridge Reservation is a private, not-for-profit organization dedicated to promoting a better appreciation and understanding of the natural world and the relationship between people and the land. Through its support of the Trailside Nature Museum, operated by the Department of Parks, Recreation, and Conservation of the County of Westchester, the Friends provides financial and volunteer aid for exhibits, school, and educational programs.

*Friends Classifieds*

**AS NOTED IN "THEN AND NOW"**, there has been a tremendous amount of damage to the pine stands of the Reservation. We are looking for volunteers to help with the cleanup and replanting efforts, and eventually will need financial help with some of the reforestation efforts. If you are interested in helping revitalize this aspect of the Reservation please contact Jeff Main at (914) 864-7317 or Jason Klein at (914) 864-7322. Thanks again for all of your support over the years.
